# Nicolas Decottegnie

Engineering student

**Motivated twenty years old student** seeking **8-month internship** beginning in **May 2021**, I would like to help companies to develop their business in sectors such as **sustainable development, textile, or IT**.

## Experience

### SUPPLY CHAIN ASSISTANT
*Subrenat, Mouvaux, France*

Summer 2020
3 months

- Supply chain support during the Covid-19 crisis
- **Missions:** Tracking orders, planifying production schedule, internal relation function
- **Rewarding for:** Working independently, taking responsibilities, understanding the stake of a company

### WAITER
*Omnia, Lille, France*

2019-2020
One year

- Waiter in a famous brasserie of Lille
- **Missions:** Serving and pleasing the clients
- **Rewarding for:** Learning how to have a good customer relationship, developing a good organization and some rigor, dealing with the stress.

### SALES ASSISTANT
*Pariès, Biarritz, France*

Summer 2019
5 weeks

- Seller in a confectionery during summer vacation
- **Missions:** Serving the customers, packaging the products, making the store maintenance.
- **Rewarding for:** Taking responsibilities, improving my customer contact.

## Education

### Engineering Studies, ITEEM – Centrale Lille

- Preparing a **master-degree** in ITEEM, which is the result of a correlation between **Centrale Lille Engineering School and Skema Business School**, both top graduate schools of France respectively in Engineering, Business and Entrepreneurship.

## Associative Investment

### Cobalt Sport
- Treasurer of an association that brings professionals and students closer thanks to sport, to give them an opportunity to meet people with same values.

### Basket-ball
- Player, referee, coach since I am six.

### ITEEM - Soap box
- A year ago, I created an association with four friends to participate in races of soap boxes. I oversee the communication of the association.
